SUMMARY

Accomplished Front-End Developer with over 1 years of experience in crafting engaging, client-facing components for web applications. Expert in JavaScript, HTML, CSS, Bootstrap, Material UI, tailwind CSS and React.js. Also Expert in Backend Nodejs, Express.js. I excel at designing responsive and visually captivating user interfaces that enhance the overall user experience. With a collaborative mindset, I work closely with designers and backend developers to ensure seamless integration of frontend and backend systems. My meticulous attention to detail and strong problem-solving skills drive the success of development teams.

TECHNICAL SKILLS

Frontend: HTML5, CSS3, Tailwind CSS, Bootstrap, Javascript, API Integration

Libraries/Frameworks: React JS, Redux / Redux Toolkit, Axios, React Router, Typescript

Tools: Github, Postman, Figma, Asana, Trello

Basic Backend: Express JS, Mongo DB, Mongoose

PROFESSIONAL EXPERIENCE

Enigmatix

Bahawalpur, On-Site 04/2024-Present

React JS Developer

- Developed and maintained web applications using React JS, Node JS, Express JS and Mongo DB ensuring high performance, responsiveness, and scalability
- Engaged in continuous learning and professional development by exploring new technologies and frameworks, contributing to the company's innovative culture.
- Participated in company-wide initiatives to improve development processes, promote teamwork, and enhance overall productivity.

Evosoft Tech

Islamabad, Remote 04/2023-04/2024

React JS Developer

- Developed and Enhanced User Interfaces: Created responsive and interactive UI using modern React frameworks ensuring seamless user experiences.
- Collaborated Across Teams: Worked closely with designers and back-end developers to translate design mockups into high-quality web applications
- Responsive Design Implementation: Applied responsive design techniques to ensure compatibility across various devices and screen sizes, enhancing accessibility and usability.

Code Alpha

Remote 01/2023-04/2023 React JS

Developer, Internship

- Developed a comprehensive CRM Admin Dashboard using React.js, enhancing customer management and workflow efficiency.
- I implemented a dark mode feature, improving user experience by providing a visually appealing and accessible interface with theme-switching capabilities.

- Integrated robust CRUD operations (Create, Read, Update, Delete) for efficient customer data management, ensuring seamless and reliable interaction with the system.
- Designed a responsive and intuitive user interface (UI) and user experience (UX), ensuring consistent usability across various devices and screen sizes
